

NEW

PetroBot Online Tank Inspection Rover

Make your storage tank inspection Headache-Free!

Introducing the all-new ATEX Certified PetroBot ITIS Rover, an online Tank inspection rover. With an array of immersion ultrasonic probes, the ITIS Rover carry out bottom plate scanning and corrosion survey when the tank is in operating & filled condition. ATEX certified ITIS Rover contains inspection data acquisition and navigation module which ensures safety from unwanted accidents. Ultimately, ITIS Rover makes it possible to inspect tanks on-stream without any shutdown which saves time and tank cleaning cost. Based on this, you can extend the service life of your tank as per OISD STD 129 / API STD 653.
